

WINTER IMMERSION PROGRAMME

MULTI-DISCIPLINARY

WRITE-RIGHT

FOR KIDS AGED 4 TO 7

An evidence-based multi-disciplinary programme developed by both Educational and Occupational Therapists

Targets both the mechanics of handwriting, and literacy aspects of writing and decoding letters

WHO CAN PARTICIPATE?

Children:

- Aged 4 to 7
- Struggling with handwriting, letter-sound correspondence, or phonological awareness
- Evaluated by their teachers as making slow progress in reading and writing

To Register, Contact us:

 **+65 9115 8895**

HOW DOES IT WORK?

Our therapists focus on fine motor skills and sensory learning to help with letter recognition and formation, as well as supporting students by building letter-sound correspondence and phonological awareness.

WHAT WILL YOUR CHILD LEARN?

- Handwriting: uppercase and lowercase letters
- Letter-sound correspondence
- Phonological awareness

HOW DOES OUR PROGRAMME COMPLEMENT THE SCHOOL CURRICULUM?

- Our programme is specially designed and adapted from various programmes to integrate both handwriting mechanics and literacy, allowing for greater skill development and retention.
- Importantly, our programme develops visualisation skills that are not taught in schools. These skills are crucial for the development of fluent and competent readers and writers.
