

# Jumpstart English Acquisition

with our programme specially designed for learners of English as a second language

Call/WhatsApp: +65 9115 8895  
to get your child in a nurturing,  
motivating space to ensure  
your child excels alongside  
their English-speaking peers.

## Is your child or student picking up the English language too slowly?

Total Communication's English Stimulation Workshop are designed to give young learners a head start in mastering Standard English with the following goals:

### Language Stimulation

Fun, engaging activities to expand vocabulary and communication skills.

### Standard English Usage

Learn to speak and understand English confidently and accurately.

### Accelerated Learning

Speeds up Standard English acquisition using a proven language acquisition model.

### Phonological Awareness Goals

Develop essential skills like sound recognition and word formation.

### Motivation and Confidence

Build competence and enthusiasm for learning English in a supportive setting.

## Why Choose Us?

Our sessions are led by qualified Language Experts with knowledge of language developmental milestones that complement bilingual school programs.

### Session Details

For Ages: 5 to 7
